

SWATI SINGH

SOFTWARE ENGINEER

Want to put your own image in the circle? It is easy! Select the image and do a right mouse click. Select "Fill" from the shortcut menu. Choose Picture... from the list. Navigate your computer to get the appropriate picture. Click okay to insert your selected image.

Once your image has been inserted, select it again. Go to the Picture Tools Format menu. Click on the down arrow below "Crop" and select "Fill" from the list. This will auto adjust your image to crop to the image. You can click and drag your image to place it appropriately.

INDIRA GANDHI DELHI TECHNICAL UNIVERSITY
2023 - 2027
PURSUING BTECH IN MECHANICAL AND AUTOMATION
CGPA OF FIRST SEMESTER:8.7

WORK EXPERIENCE

PROJECTS:
1.MADE AN ONLINE HOTEL BOOKING WEBSITE WITH MY TEAM MEMBERS.

Creating an online hotel booking website in a team involves collaborative planning, where roles are defined for designers to create intuitive user interfaces and developers to implement frontend and backend functionalities using technologies like HTML/CSS, JavaScript, and backend frameworks. QA engineers ensure thorough testing, while DevOps manages deployment and maintenance. Effective communication and agile practices ensure tasks are coordinated, issues are resolved promptly, and the website meets performance, security, and user experience standards throughout development and post-launch phases.

2.PARTICIPATED IN ISRO HACKATHON

Participated in a 3 day long hackathon with my team-members

3.WEB DEVELOPMENT INTERNSHIP AT INTERNSHALA

During my two-month frontend web development internship at Internshala, I gained hands-on experience crafting user interfaces using HTML, CSS, and JavaScript. Working closely with mentors, I learned to create responsive designs with frameworks like Bootstrap, focusing on usability and aesthetic appeal.. This internship equipped me with foundational knowledge and practical skills essential for building intuitive and engaging web interfaces in real-world applications.

4.ONE MONTH INTERNSHIP AT MUSKAAN FOUNDATION

During my internship at Muskaan Foundation as a Crowd Funding Intern, I focused on researching effective crowdfunding strategies, crafting compelling campaign messages, and engaging with donors. Working alongside a dedicated team, I gained valuable skills in communication and project management while contributing to impactful initiatives in education and healthcare.

5.COLLEGE SOCIETIES

As Director of Community Services at the Rotaract Club of IGDTUW, I organized outreach programs and service projects with local NGOs, focusing on health, education, and the environment. As PR Core in various college societies, I managed communications to enhance visibility through social media, promotional materials, and media relations, aiming to inspire student involvement and support. These roles developed my leadership and organizational skills while fostering a passion for community service and effective communication.
